2) Second person to contact: \_\_\_\_\_  
(name) (relationship)

Phone: \_\_\_\_\_

3) Third person to contact: \_\_\_\_\_  
(name) (relationship)

Phone: \_\_\_\_\_

Note to Parents: Anyone can get head lice; it is not a sign of poor hygiene. Lice are spread through head to head contact with someone who has lice. Less commonly, they can be spread by sharing items such as hats, combs, and headphones. They are a nuisance, but will not harm your health. Lice are common in day cares and schools. Please, check your child's head especially around the neck, back of ears, and itching scalps are a common sign of infestation. Head lice are small insects the size of a sesame seed. They move quickly but do not jump or fly. Lice lay tiny grey/white eggs (nits) which stick to hair. If you should find any, please keep your child at home and notify Gualala Arts. Speak with a pharmacist about which treatment you should use. Gualala Arts will notify all parents if there is any report of head lice.

# Summer Art Program for Youth

*Preschool is back with Annette Orenick from P.A.L.S. (Point Arena Little School)*

*Older Groups have the opportunity to experience each class!*

*Classes may include Creative Arts & Crafts, Ceramics, Environmental Art, Performance Art, and Culinary Art!*
