Register by March 10.

Tuition for GA members: \$385; non-members: \$420 + shared model fee. Class size: 12 - 25.

Addressing the figure as the subject for a painting with the same artistic freedom and looseness employed when attempting other subjects in nature is the central theme of Don's figure class. "Throughout the workshop

I will be putting forth the concept that successful figure painting is more than a visual explanation of anatomical parts. While there is nothing wrong with

reporting detail, perhaps we have traveled down the 'detail' road long enough. We can also benefit from exploring the figure through color, design, and paint quality directions as well." Don's classes are geared to intermediate and advanced painters who are looking for a challenge. Daily demonstrations will excite and stimulate those artists who are eager to stretch beyond the usual answers and discover a new looseness and expressive paint quality in their work.

On Monday, April 21 at 7 p.m. Don Andrews's lecture is open to the general public.
