Happy  
New Year!

# ART BOOKS

Have you visited our library recently? We now have a comfortable easy chair and ottoman for you to relax in while you preview a few books. To make our little reading corner even more comfortable, we are looking for donations of a standing lamp and a small side table. If you have either of these items, please contact the Gualala Arts office or Sharon Nickodem, at 707-884-9611.

Kathy Short contacted the arts center this month with the sad news that her mother, a watercolorist and long time Anchor Bay resident, Dorene Neville Short, had passed away this year. Kathy expressed Dorene's desire to donate her extensive collection of art books to Gualala Arts. Most of the books are about watercolor artists and watercolor techniques and are in wonderful condition. We've selected a number of the best to be included in our collection and, while they last, the rest are now available (for a small donation) for anyone to take.

*Many thanks to the Short family for this generous donation.*

And while you're visiting the library, take a look at some new photography books that have been added to the collection. Try some great biographies about Walker Evans, Robert Mapplethorpe and Edward Weston (written by his model, lover and wife Charis Wilson). Or perhaps you're ready to learn some new techniques, which you will find in "Marshall's Handcoloring Guide & Gallery", "Handcoloring Photographs" by James A McKinnis, "Photo-Imaging" by Jill Enfield, "Stephen Johnson on Digital Photography", "Silver Pixels-An Introduction to the Digital Darkroom" and the "Tao of Photography" by Tom Ang. And two excellent new landscape books, "Ansel Adams" by Barry Pritzker and "Landscapes of the Spirit" by William Neill, have just been added. Check them out!

Open weekdays 9 to 4pm, weekends noon to 4pm
