# TOM ECKLES - PHOTOGRAPHY & SUSAN SHADDICK - SCULPTURE & FIBER

To remain faithful to his vision, Tom Eckles does not manipulate his images or use color filters. He even avoids cropping the images composed through the lens. What the viewer sees is what he saw.

Susan Shaddick's artistic journey has taken her from traditional media such as oil and oil pastels to sculpture and even jewelry and textiles. There are few media she has not explored!
